Sir, Your favor of the 13th inst. covering a draft on the U. S. B. Bank N. Y. for \$3,211 ⁴¹/₁₀₀ for the benefit of the Tuscarora Indians and hereby I have received.

The Indians for years past have manifested much dissatisfaction at the course taken by your H. on this subject and have on your side do. little credit as usual in your Legislation several times on the subject of the lands heretofore claimed by them - but I now consider the matter as settled - they are as happy as contented in N. Y. as a tribe can be which is surrounded by whites - Should the N. York Indians prosper in their project of settling near Green Bay, I should not be surprised if the Tuscarora were to join them in a few years -

I am most respectfully yours

Sir, Your favor of the 3rd inst. I have received and have executed the instrument endorsed on the back of the Power of Attorney for as it is to be introduced by Gen. Branch and now return it to you with the deed a copy of which I have since forwarded - you will be pleased therefore to send me a draft payable to my order, for the sum mentioned in your letter to wit \$3,220.74 less \$100.00 for the 1st inst.

Washington 19th Dec: 1881

Sir,

The Tuscarora chiefs have forwarded to me the enclosed power of attorney and a deed (of which I herewith send a copy) certified in the same manner as the power of attorney. They wish a draft on the M. S. Branch Bank in N. York and would be gratified if you could procure it for them without the deduction of $\frac{1}{4}$ per. ct. mentioned. Be pleased to advise me if the deed will be satisfactory & if it will what instrument you will want from me before forwarding me the draft - on receiving this information I will enclose you the deed with a release or acquittance as may be required - allow me to say that the chiefs request an early attention as may be convenient -

I have the honor to be very
Respectfully yours &c

Sir,

Washington 28th Nov 1831.

Your favor of 24th inst. I received this day. I know of no regular means of showing that the persons signing the power and deed are authorized to execute those papers. The certificate of Judge Fleming would be unofficial on that point. Both he and myself are well acquainted with the tribe and that their usual way is to call together the tribe in council deliberate, decide and then the chiefs execute. The Head chief and all the other principal chiefs have executed and I presume all is regular. Any certificate required of me touching the matter I will cheerfully give so far as truth will warrant. Chien was regularly chosen head chief of the Su-carra by an assembly of the six nations about three years since. I think for myself there is no danger to be apprehended.

I have the honor to be

Very Respectfully
Yours
